PRODUCT / SERVICE	DESCRIPTION	QTY.	UNIT PRICE	TOTAL
Labor	Owner Labor Installed wall plate to cover ding in drywall at carport door and to prevent future damage. Light sanding on existing patches that had been done prior to tenant move in and all prior existing patches primed in preparation for new paint (owner still deciding between full house touch up paint or full house interior paint job) Filled split wood on kitchen cabinet door with closest matching putty available. Unmounted dishwasher and remounted to where the kitchen drawer is able to open. Installed new closely matching tile beneath kitchen sink where old toe kick tile was falling off and missing. We did not grout this yet because we did not know when the cleaners would be there and the grout needs to be untouched and dry for at least 24 hours. We will grout these tile when we return to finish up the interior paint after the owner decides which paint to go with.	1	\$175.00	\$175.00 0
Materials	Owner Materials Wall Plate Tile Putty Thinset	1	\$27.00	\$27.00 0
